ONGOING RESEARCH

EXPLORING MODES FOR HOT CASTING FOR RECYCLING WASTE PLASTIC FOR PRODUCTION OF SCULPTURE

This study is aimed at reducing the problem of environmental pollution by managing the menace of plastic bottles and bags into the production of sculpture. Many forms waste reusage have not sufficiently explored the option of hot casting, the abundance of plastic bottles littering the environment will be significantly reduced if artists begin to see plastic bottle as viable material for casting sculptures.

COMMISSIONED / CREATIVE WORKS

Amongst many public and private commissions, the following readily come to mind:

1. Portrait of Chief MKO Abiola 1986 (command secondary school Ipaja Lagos)
