## BIO

Eleonora Gudenko is a Rome-based artist, born in 1982 in Kemerovo, Siberia. After graduating from the Siberian Art University, she moved to Moscow, where she worked as a graphic/textile designer and illustrator. In 2016, she relocated to Rome to study languages and literature and shifted her focus to oil painting. Her background in art, culture, and literature, combined with experiences in different cultures, shapes her work—a fusion of graphic design precision and traditional painting techniques.
