

## CV

Nils Hansen is an award-winning Crypto Artist and Sculptor with over 25 years of experience. His sculptures have been displayed in public space around the world and his digital works have been collected on the most renowned Crypto Art platforms. They are featured in the Museum of Crypto Art (MoCA), the Whale collection and bought by other famous collectors like MantaXR, Akira and Xray.

Nils' achievements in the field of art have been recognized through several awards and scholarships, including the A'Design Award in Silver and Bronze. His sculptures have been displayed in public spaces around the world, and his digital works have been exhibited at the Crypto Art Fair in Beijing, NFT Art Week in Hangzhou and Shenzhen, among others. Nils' exhibitions span across the globe, from the ETH Summit in Denver to the Wow Summit NFT-Expo in Dubai, the Mamilla Avenue in Jerusalem, and the Centro de Arte Alcobendas in Madrid. He has been nominated for the Innovation Prize Amateras Paper Art and selected as an Artist in Residence at the Silpakorn University in Bangkok.

His studio is based in Berlin. Nils Hansen's work ranges from time-based digital pieces to elaborate visuals and monumental sculptures. Presently Nils works in the research and development department of Mercedes-Benz.
